

“What comes after Metformin – an evidence approach in 2021?”

Professional Development for the Liverpool Clinician’s Reference Group

The purpose of the Liverpool Clinician’s Reference Group is to bring together General Practitioners, Practice Nurses and Allied Health Providers from across the region to provide updates on Diabetes Integrated Care.

The first session will include:

- Presentation of “What comes after Metformin?”
- The end of the finger prick glucose tests – the increasing role off continuous monitoring in general practice.
- Opportunity for you the health professional to experience the Abbott FreeStyle Libre Flash Glucose Monitoring System first hand and its benefits.

When: 20th March 2021 - 12pm registration for a 12.30pm start. Session will conclude at 3:00pm

Where: Mercure Hotel, LCC Venues, 424-458 Hoxton Park Rd, Prestons

If you would like to register for the meeting, please complete this form and fax it back to (02) 4634 3215.
